WOMAN ARMED WITH RIFLE STANDS GUARD

Over Body of Husband Who, It Is Charged, She Shot.

SHERIFF KEPT AT BAY 20 HOURS

Wherever One of the Five Officers Appeared the Woman Used Her Rifle—She Was Captured After Her Ammunition Was Used Up.

New Orleans, April 5.—Armed with a rifle and standing guard over her dead husband's body, Mrs. L. O. Drew held a sheriff and four deputies at bay for over twenty hours at Water Valley, La., according to dispatches reaching here.

It is charged that Mrs. Drew shot her husband.

When the sheriff's posse arrived to arrest the woman, she opened fire, shooting whenever one of the five officers showed any portion of himself large enough for a target. She did not hit her besiegers, but they did not capture her until darkness had fallen and her ammunition was all used up.

Another woman, whose name has not been made public, was found with Mrs. Drew, but so far as known, she did not take part in the shooting. Mrs. Drew was taken to jail.

No cause for the shooting of her husband is known. He was 48 years old.

Killed Babies and Shot Self.
Montreal April 5.—William Simpson, a prosperous young farmer of St. Charles, during his wife's absence shot and killed his two infant daughters, and then tried to kill himself by putting two revolver bullets in his own body. He is very low. The physicians say that excessive affection for his children caused insanity.

Business Man Kills Himself.
Kansas City, April 5.—Mayor L. Wilson, aged 23 years, son of H. I. Wilson, a prominent business man, shot and killed himself at the corner of Eleventh and Walnut streets, Thursday morning in full view of several spectators. No cause was known.

Nervous Woman Hangs Self.
New York, April 5.—After several months of suffering from a nervous malady, Mrs. Ellen Berry Ryder, wife of Cornelius Ryder, one of the wealthiest men in the Gravesend section of Brooklyn, hanged herself in the basement of the family home. She had been dead two hours when the husband found her body swinging from a ladder. Mrs. Ryder was 52 years old, and, like her husband, was descended from one of the old Dutch families. She devoted much of her time and fortune to charitable purposes.

Trial of Ruef Continues.
San Francisco, April 5.—The trial of Abram Ruef for extortion proceeded Thursday with the examination of witnesses. The next result of the last two days proceedings was four jury-men passed, out of eight examined, subject to peremptory challenge later on. Neither side exercised any peremptory challenges, but the indications are that they will draw on their allowances.

Reception in Honor of Lee.
Guatemala City, Guatemala, April 5.—Alfred A. Winslow, the American consul general, gave a reception on Tuesday in honor of Joseph W. J. Lee, the American minister to Guatemala and Honduras, which was attended by government officials, diplomats and members of the American colony. Mr. Lee has received a warm welcome from all classes here.

Date Set for Panama Trip.
Nashville, April 5.—The date for the Panama trip which will be participated in by representatives from various commercial bodies over the south, has been set for April 20. On that date the party will sail from New Orleans.

WILL INSPECT GEORGIA ROAD.

Expert Employed by Commission Came to Office Announced.

Atlanta, April 5.—W. O. Jackson, chief inspector of Railways of the Ohio state railroad commission, arrived in Atlanta Wednesday and under direction of the Georgia railroad commission, began Wednesday the much-talked-of inspection of the properties of the Georgia railroad, and Banking company.

Mr. Jackson, accompanied by Railroad Commissioner O. B. Stevens, General Superintendent W. S. Brand, and Roadmaster Robinson, of the Georgia railroad, and Bowdre Phinizy, of Augusta, if he desires to accompany the party, will leave Atlanta at 7:20 o'clock, following the regular passenger train, a special car and engine being furnished for the purpose by the railroad company.

This special will be absolutely at the command of Mr. Jackson and will make such stops as he directs. Mr. Phinizy, by whom the complaint against the road was made, charging that it was unsafe for travel, was notified that the inspection would begin and invited to join the party.

This inspection will probably occupy about a week, and, it is stated, it will be a thorough one. Mr. Jackson himself insisted on the members of the commission, or at least one of them, accompanying him on this work.

Announcement was not made of the selection of Mr. Jackson to make this inspection owing to the fact that it was not definitely known until he appeared at the office of the railroad commission that he would undertake the work. He came here direct from Hot Springs, Ark., where he has been on account of his health, but sent the commission a telegram announcing that he would be here. For some reason this telegram was not received at the office of the commission until after Mr. Jackson had walked in and introduced himself. This is one instance, at least, of the telegraph wires being slower than the railroad schedules.

Mr. Jackson has had 25 years experience in railroad work beginning as section foreman and going gradually up. He was for 13 years a railroad engineer, operating limited trains, and for the last six years has been the chief inspector of railways of the Ohio railroad commission, consequently engaged in the very work for which he is wanted by the Georgia commission.

The railroad commission selected Mr. Jackson solely on the ground that he occupied a position which indicated that he must have a considerable knowledge of railroad properties and its members feel now that they have a man who will make an able, true and accurate report.

FIREMEN INJURED BY FALLING WALLS.

New York, April 5.—Thirty firemen among them Chief Croker and Deputy Chief Guerin, were injured by falling debris and damage estimated at \$50,000 which was caused by a fire in the five-story building at 159 Maiden Lane early Thursday. Only two of the injured men were severely hurt. They are Andrew Sell, assistant foreman and David Murphy, fireman. Both are in a hospital with badly crushed and lacerated bodies. Nearly a hundred firemen were at work on the burning building when an explosion ripped off the roof, tore out the front wall of the building from the fourth story up, and shook portions of two other walls down into the street. At the sound of the explosion the firemen fled, but thirty of them were caught in the crash of falling debris.

Visits King Emmanuel.

Rome, April 5.—Signor Tittoni has visited King Victor Emmanuel and given him an account of his interview with Prince Von Buelow. At the opening of the chamber on April 28 signor Tittoni will make a declaration with respect to the Buelow interview and Italy's foreign policy.

Four Children Ate Rat Poison.

Dahlonega, Ga., April 5.—Four little children, two of T. S. Little's wife's and two of B. J. Smith's, found some rat poison biscuit, and mistaking them for sweet crackers ate them. They were poisoned, but by prompt treatment by the doctor soon put them in good shape.

TWENTY ITALIANS BURNED TO DEATH

Twenty Others Were Seriously Injured In Fire.

ITALIAN HOTEL WAS DESTROYED

Injured Were of the Laboring Class and Were Asleep in Their Rooms When Fire Started—Before Being Aroused, the Fire Had Full Sway.

San Francisco, April 5.—Twenty men were burned to death and twenty seriously injured in a fire which destroyed an Italian hotel at Seventeenth and Connecticut streets, in the Potrero district shortly after midnight Thursday.

The injured were of the laboring class, and were asleep in their rooms when the fire started. Before they could be aroused, the flames had spread through the building. The inmates were burned in the ruins, 20 being taken out dead and dying.

People from other hotels in the vicinity rushed to the assistance of the buried victims and succeeded in rescuing all of them. It is believed, from the flaming timbers.

The injured were taken hurriedly to the Potrero emergency hospital, where several died while awaiting treatment.

The small wards of the Potrero hospital were soon filled with the dead and dying victims of the fire.

The scene was terrible. But in the midst of the suffering the surgeons worked calmly and swiftly over the charred victims.

The fire is believed to have started in the kitchen of the hotel, and had gained great headway before it was discovered. There were over 100 lodgers in the building, which burned like tinder, and most of those who lost their lives were caught while asleep and roasted to death.

So rapidly did the fire spread that it was impossible to do much in the way of rescue and even when the fire department arrived, the flames were so fierce that the firemen were scarcely able to place ladders against the walls. They did, however, manage to save a number of people on the top story.

In the work of rescue with A. Cole, a fireman was thrown from a ladder and it is believed fatally injured.

The majority of the injured were hurt in leaping from the upper windows. A number of women are reported to have been in the building and all of them are believed to have perished. The exact number of the dead cannot yet be ascertained, but the proprietor of the house stated that there were over twelve. The woman who met death is said to be Mrs. Filipo, wife of the proprietor of the hotel.

An adjoining lodging house at 118 Kentucky street, also was destroyed. There were forty-five men sleeping in this place, but it is thought all escaped. The property loss is estimated at \$40,000.

Besides the known dead there are missing the cook, Mrs. Bezola an unknown woman and a boy of four years and a girl of eight years.

Mother and Children Burned.

Passaic, N. J., April 5.—A mother and four of her children perished in a lodging house fire here. The victims were Mrs. Philomena Satupo, 26 years old, Mary, aged 7; Librado, aged 5; Antonio, aged 3, and Joseph, aged 7 months. The fire was first discovered issuing from the cellar, and before the firemen arrived the flames had spread through the double tenement. Many women and children were taken down ladders by the firemen, but the members of the Satupo family, which occupied rooms on the third floor, are supposed to have been suffocated by the smoke before they could escape from their rooms.

Taken From Train Unconscious.

Kansas City, April 5.—T. O. Webster, 49 years old, who was taken from a Union Pacific train here in

a semi-conscious condition and removed to the city hospital, was still unconscious.

Nothing is known about Webster except that he is traveling from Horse Shoe Bend, Idaho, to Gainesville, Georgia. He has never uttered a word since he was brought here, said the house surgeon Thursday morning. His body shows no marks or bruises and the cause of his condition is a mystery.

RACE RIOT AT LYNCHBURG.

Two White Men and Two Negroes Are Shot.

Lynchburg, Va., April 5.—A small riot occurred at 10:30 o'clock Wednesday night at Fifth and Main St., in which two white men and two negroes were shot, one of the negroes being wounded probably fatally. All have been removed to the city hospital.

Three white men were walking on Fifth street, and they were jostled off the sidewalk by four negroes, one of the white men being knocked down in the gutter. A quarrel ensued, and general shooting followed, ten or a dozen shots being exchanged. A street car approaching was struck a number of times, the glass in the vestibule being shattered. How Mortimer Bruffley, who was operating the car, escaped being struck is a mystery, as glass on both sides and in front of him was shattered.

The wounded white men are A. L. Weir, who was shot in the hip and left leg, and S. C. Crawford, who was struck in the left hip. The injured negro is John Hastings, who was struck in the abdomen. An unknown negro, who escaped, was shot through the wrist.

M. & O. Refuses Wage Increase.

Montgomery, Ala., April 5.—Local Mobile and Ohio railroad men are disappointed at the announcement that they are to receive no more pay, as they have asked. After hearing the committee of the men in Mobile Wednesday, Vice President E. L. Russell notified them that legislation had been so inimical to the interests of the company that they could not increase the expense in any way. The matter will again be taken at a meeting to be held in Atlanta the last of this month. The line men ask for 1 per cent increase and the switch engine men 15 per cent. They say the work is far in excess of what it was when the scale was made. Notwithstanding the refusal of the company, it is thought that the request will in the end be granted.

Postmaster Has Defaulted.

Anniston, Ala., April 5.—Postmaster J. M. Ragan, of this city, has defaulted, and since last Friday his whereabouts have been unknown to his wife and friends. Postoffice inspector Barry, who is investigating the books, said: "There is no doubt that Ragan is a defaulter. I can tell it from the entries he has made in his books. It hardly seems probable that he could have secured more than \$4,000. Saturday was pay day at the Anniston postoffice, but no funds were on hand with which to pay the force, Ragan having disappeared the day before. Eleven days ago Frank Roberts, a register clerk, disappeared, and it is alleged he took \$900. Inspector Barry is trying to connect the two defaulters."

Broward Mad Over Cartoon.

Tallahassee, Fla., April 5.—Governor Napoleon Broward Wednesday afternoon filed a libel suit for \$50,000 against the Jacksonville Florida Times Union. The governor bases his suit on a cartoon appearing in a recent issue representing him in the guise of a robber inserting a hand-drill beneath the lock of the state treasury. There are eight counts in the declaration and the case will be fought in the state courts.

374,279 Dead Letters Returned.

Washington, April 5.—The division of dead letters broke all records by returning to senders during the month of March 374,279 undelivered letters and packages. The record for a single day in the returning branch of the division was also broken during the last month, when 14,463 letters were returned on the 23rd.

WORST EARTHQUAKE IN FORTY YEARS

Bursts Unannounced Upon Bitlis, Turkish Armenia.

14 SHOCKS DURING FIRST DAY

Of the 4,000 Houses in the City, Over 300 Have Fallen and the Remainder Have Been Seriously Damaged—No Great Loss of Life.

Constantinople, April 5.—The following dispatch was received here from Rev. Royal Cole, head of the American mission at Bitlis:

"Bitlis, Turkish Armenia, April 3.—At 11 o'clock in the forenoon of March 29, there burst upon us unannounced, the worst earthquake witnessed in forty years in these or the Erzeroum volcano regions.

Such was its force that our city seemed to be in the jaws of some monster who would shake us into atoms. Down came the plastering, the furniture was overturned, cracks were opened in strong walls, roofs were shattered, rain poured in.

"During the first day there were 14 shocks, and they still continue. There have been altogether twenty-eight of these shocks. Of the 4,000 houses here over three hundred have fallen, and half the remainder have been seriously damaged, about \$50 to \$500 needed to repair each house.

"The officials report that eight persons were killed by the falling walls, but they are all unknown in Bitlis. Many persons were wounded, and many churches, mosques and government buildings were damaged.

"The surrounding villages sustained heavy shocks but it was in the day time and so there was no great loss of life.

"The foreigners at Bitlis are the Russian consul, Charlotte Ely, Mary E. C. Ely, Royal M. Cole, Mrs. Lizzie Cole and Miss Nellie A. Cole.

"Famine prices prevail, and there is great poverty and extreme sufferings."

See End of Labors.

Chicago, April 5.—The envoys of the federal government who have for several days been trying to bring about peace between the Western railroads and the trainmen and conductors have begun to see the end of their labors. It was the general opinion Thursday that the situation is more peaceful than at any time during the last week. Both sides are said to have made slight concessions and as they were not at any time far apart, it is believed that an adjustment will be reached within a few days. Neither Commissioner Knapp or Mr. Neill nor any of the leaders of the trainmen or conductors would say anything early Thursday regarding the possibility of an early agreement.

Strike-Breakers' Train Battered.

Cleveland, April 5.—A special train of an engine and one coach which had been engaged to carry forty non-union men going from Lima, Ohio, to Lorain, where the yards of the American Shipbuilding company, are tied up by the shipbuilders strike, reached here Wednesday night on the Nickel Plate railroad. Every window in the car was broken and its sides were splintered and battered. Of the forty men who were aboard it when it left Lima, only fifteen were left. Hardly one was not bruised or bleeding.

Women Duped and Robbed.

Greensboro, N. C., April 5.—After working one of the smoothest games ever heard of in Greensboro, Earl Varstare, a self-styled painter and clairvoyant, who appeared in the city about six weeks ago, has slipped out taking with him jewelry and money to the amount of \$10,000, which he secured from his unwary victims while pretending to tell their fortunes. Scores of the most refined and cultivated women in the city are among the swindler's dupes.

GAINESVILLE LODGE HAD A BIG TIME

Installation of Officers, Followed
by Banquet and Speeches.

COL. CHUBB TOASTMASTER

In His Usual Clever Manner He Produced Several Prominent Speakers, All of Whom Responded in a Happy Strain—A Fine Meeting.

One of the most impressive lodge functions ever held in Gainesville, or in the State for that matter, was the installation of officers of Gainesville Lodge No. 990, which transpired in the lodge-room of the new Elks' building Thursday evening, after which followed one of the grandest collations ever served here informally. It was a time when a fellow felt himself unusually glad to be an Elk, and when all humanity, as far as Elkindom was concerned, was at its best in good fellowship.

The fact that the installation would occur was the means of attracting a large attendance. These services are very impressive, and inasmuch as Gainesville lodge has been constantly at work in initiations for the past six months, the members were really glad for a change, notwithstanding that this lodge has a working team second to none in the State. They had seen so much of the work, however, that a little of the installation service served as a change, and the big lodge-room was well filled when Exalted Ruler Chubb called the lodge to order.

The following officers were installed for the ensuing term, being really a re-election of the former officers: Henry S. Chubb, exalted ruler; Robt. E. Davis, esteemed leading knight; J. W. Blanding, esteemed loyal knight; Rev. Francis H. Craighill, esteemed lecturing knight; C. Matheson, chaplain; Dr. J. M. Dell, secretary; Leo Graham, treasurer; E. A. O'Neill, esquire; C. C. Chitty, inner guard; E. A. Strunk, organist; T. B. Ellis, Jr., tyler; J. B. Padgett, J. S. Jolly, E. E. Cannon, trustees.

At the conclusion of the impressive installation ceremonies, and when the lodge had adjourned, Exalted Ruler Chubb announced that there would be "something doing" for the inner man in the billiard room downstairs. This announcement was a signal to move, and there was no time lost in repairing to the large-room occupied as the billiard and pool-room, where the committee on refreshments, of which Geo. P. Morris was chairman, had prepared a feast of all kinds of good things to eat, comprising sandwiches, cakes, fruits, nuts, coffee, which were ready to be served in a most tempting and appetizing manner.

Col. Chubb acted as toastmaster in his usual clever manner, passing a compliment to each of his brothers in turn in his own original way. Among those who responded to toasts were Hon. Robt. E. Davis, Rev. F. H. Craighill, Leo Graham, Hon. C. Matheson,

CARD FROM MRS. FRENCH.

She Believes in Present Administration Because It is Honest.

An Appeal to Gainesville Voters:

Memory recalls a time when your city had open saloons, doing their deadly work in four prominent places. Then it was not safe for a woman to walk any street after twilight without a strong protector. Then a musical call would bring from twenty to thirty boys to a certain saloon for training to fill vacancies made by drunkards going into eternity. I do not know of the other saloons, but running a lunch room across the way, I did know of this one. A little band of women, with Mrs. Carpenter for leader, saw and felt the situation as only suffering women can feel, and with an empty treasury, with many of our best men fearing failure—in short, every human obstacle that Satan could devise, was used to discourage their undertaking to abolish saloon traffic in your city and county.

With a full knowledge of certain failure if God did not raise helpers, twelve women, after earnest prayer, after sincerely committing to the Lord, began work. W. R. Thomas and Dr. Lancaster were two men God raised as helpers. Money, influence and labor were given freely by them to aid in the great work. I verily believe that the strong support given by these two men was the means under God to give us victory in June, 1903.

As I think of that hard struggle when we were passing through deep waters, when at times faith faltered and hope lost anchor—when we were as liable to sink as swim—I do thank God for these two men whose help brought us to shore on the dry side. Then the standard of right was raised so high in this town and county it has been a beacon light ever since.

Think of the advance made in material, in educational, and in moral lines, since, and who that has any interest in Gainesville that sees danger in the near future, can help to lift a warning voice?

Voters don't, please don't try the dangerous experiment of exchanging officers when we have tried and true ones who are willing to serve in future.

We are told the city is going wild on improvements. Who says so? Is it the resident taxpayer who has his all invested here, who when called on to vote says almost unanimously we want a clean, healthy and beautiful city that will invite a good class of residents that are seeking to enjoy our climate, or is it the flatter—the drifter with nothing at stake? Judge Ye! But don't make a mistake, and cause our city to take even one step downward and backward.

The wise man of old said there was nothing new under the sun. I think if Solomon were living in Gainesville now he would see something new under the sun—a party with no record, not one recorded line of their help to build the city, strangers with no business influence, no educational influence—such men seeking to dethrone tried, trusted and true officers, and they so afraid of their principles they keep them under lock and key. Verily, the present age has sought out many inventions, but this surpasses all that has ever been told in my hearing.

Very respectfully,

L. E. FRENCH.

Postmaster and Past Exalted Ruler Lynch, W. E. Dow, Geo. P. Morris, Captain L. E. Barker, Dr. J. H. Colson, E. A. O'Neill, and others. All talks were naturally informal, but were well rendered and enthusiastically received.

About seventy plates were set, and altogether the meeting was thoroughly enjoyed by those who were fortunate enough to be present.

THAW IS SANE.

Such Was the Verdict of the Commission On Thursday.

New York, April 5.—The commission appointed by Justice Fitzgerald to inquire into the sanity of Harry K. Thaw, on trial for the murder of Stanford White, made its report on Thursday, declaring Thaw to be sane.

The report of the commission was very unsatisfactory to District Attorney Jerome, who intimated that he would make a motion to carry the case to the appellate division of the Supreme Court.

Court was adjourned until Monday in order to allow the District Attorney time to decide whether or not he will challenge the proceedings of the commission. If he decides not to do this, the case will be resumed before the jury.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

JUSTICE COLMAN'S COURT.

J. H. Blackwell Arraigned for Assault Upon Person of E. G. Green.

There was a very interesting proceeding in the court of Justice Colman Thursday afternoon, J. H. Blackwell, Jas. Blackwell and William Blackwell being arraigned upon a charge of aggravated assault upon the person of E. G. Green.

After hearing the evidence in the case, the court discharged all defendants except J. H. Blackwell, who was required to give a bond of \$105 for his appearance at the next term of the circuit court, which bond was promptly furnished.

All parties are white. The alleged assault occurred at Fairbanks, and the hearing attracted a large number of people from that section.

Attorney Evans Haile represented Green, and Col. J. M. Rivers the defense.

Congressman Clark Home.

Hon. Frank Clark has returned from St. Augustine, where he delivered the historical address at the Ponce de Leon celebration. Congressman Clark describes the function as being one of the finest and most impressive ever held in Florida, and he felt greatly honored at having been invited to make the address upon this occasion.

Wall of Vatican Collapsed.

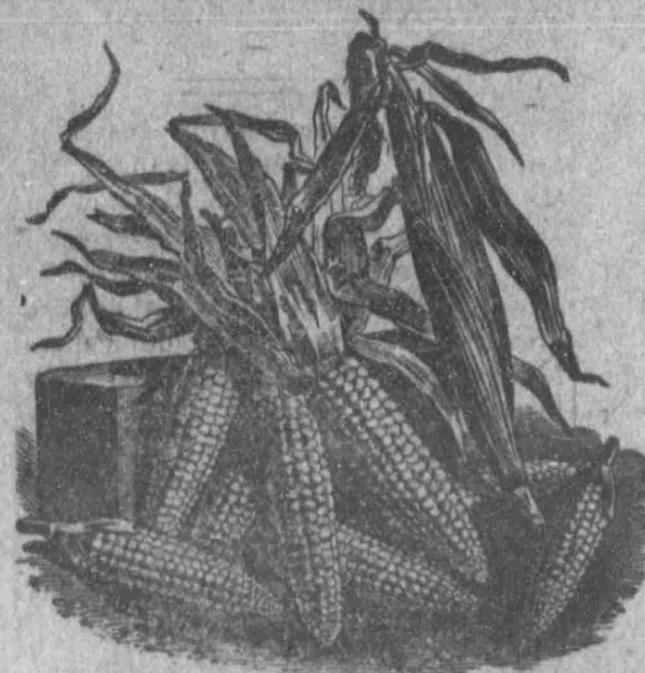

London, April 5.—A dispatch from Rome says that fifty yards of the exterior wall of the vatican collapsed Wednesday. The fall of the wall destroyed the court yard Della Sittella. It was planted with orange trees and was the favorite promenade of Pope Leo XIII.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "herpes." Now "herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

INTERESTING DAY AT TALLAHASSEE

Many Bills Were Introduced in Both Branches Legislature.

BARRY AND HEARST SCORED

House Does Not Appreciate the Misrepresentation of Peonage Article Published in Hearst Publication. Other Notes of Interest.

Tallahassee, April 4.—Yesterday's session of the Legislature was not marked by many actions of particular importance to the State at large, half a dozen bills being introduced into the House and forty-one in the Senate. Several were passed under suspension of rules.

The House was in session from ten o'clock in the morning until noon, and the Senate from 2:30 until about 4:30 in the afternoon. In the morning a number of Senators were present in the House as spectators, and in the afternoon a still larger number of Representatives attended the session of the upper body.

In the House the first thing was the reading of the special message from the Governor defending the Trustees of the Internal Improvement Fund from the attacks made upon them by various newspapers and through pamphlets and otherwise. Representative Carter of Alachua introduced a resolution, House Concurrent Resolution No. 1, for the appointment of a joint committee of three Senators and four Representatives, as requested by Governor Broward. The bill is along the same lines as the Beard resolution passed in the Senate Tuesday afternoon, except that it is shorter, and in the preamble recites that the fact that the Governor requested the investigation. Representative Reese of Escambia, the home county of Senator Beard, suggested that the Senate resolution be passed, but it had not been certified to the House, and Judge Carter's resolution prevailed by a unanimous vote. In presenting the resolution Mr. Carter stated that he did not know whether the charges were true or false that have been made against the trustees, but that the truth should be made known as soon as possible, and if the trustees were guilty, impeached from office, if not fully vindicated.

A resolution, condemning in unmeasured terms Richard Barry, author, and William R. Hearst, publisher, of the article in The Cosmopolitan Magazine concerning peonage in Florida, and extending the thanks of the House to Hon. Frank Clark for his denunciation of the State in the halls of Congress, was introduced by Mr. Dorman of Suwannee and seconded by Mr. Knight of Citrus, who denounced the article vigorously. The resolution passed unanimously.

Another resolution by Mr. Dorman, appealing to the Trustees of the Internal Improvement Fund not to spend any more money in the attempted reclamation of the Everglades until the people and taxpayers of the State should signify their willingness to proceed with the undertaking, went over at his request under the rules.

Resolutions were introduced and passed over under the rules providing for joint committees to inspect the reform school and convict camps of the State, and committees to visit the State University, and School for the Blind at St. Augustine, and similar resolutions were introduced in the Senate in the afternoon.

In the Senate in the afternoon Senator Cottrell was sworn in by Justice Parkhill, and President Harris announced the committee appointments.

No bills of much general importance were passed, except Senator Buckman's bill to restore the number of grand jurors to the old number, from twelve to eighteen. Bills were introduced covering many important subjects, such as State schools, franchise taxation, railroads and other public service corporations. The bills were referred to the proper committees. Both Senator Crane of the Eleventh and Senator McCreary of the Thirty-second, introduced bills to provide for State uniformity in text books.

THURSDAY'S PROCEEDINGS.

Tallahassee, April 5.—A very interesting day was yesterday in both the Senate and the House of Representatives, a large number of bills being introduced in both houses—29 in the Senate and 43 in the Lower House.

The House passed a bill under suspension of the rules to authorize a bond issue of \$75,000 by the City of

Tallahassee, for the purpose of buying, leasing of otherwise acquiring and improving the waterworks system of the city, or of establishing a municipal system. The bill was introduced by Mr. Wells of Leon. The House also passed under suspension of the rules the bill passed by the Senate validating the bond issue of \$45,000 by the Town of Bradentown for municipal improvements. The Buckman bill restoring the grand jury to the original number was referred to the House Committee on Judiciary, and Senate Bill Number 89, relating to the municipality of Key West, and introduced by President Harris, was referred in the House to the Committee on County and City Organization.

Speaker Matthews announced the appointment of the standing committees of the House, the chairmen of the principal committees being as follows: Judiciary—Mr. MacWilliams of St. Johns.

Finance and Taxation—Mr. Wilson of Hernando.

Constitutional Amendments—Mr. Clarke of Jefferson.

Railroads and Telegraphs—Mr. Dorman of Suwannee.

Appropriations—Mr. Harrell of Santa Rosa.

Education—Mr. Dudley of Hillsborough.

Corporations—Mr. Matthews of Marion.

Canals and Drainage—Mr. Donegan of Osceola.

Organized Labor—Mr. McKenzie of Putnam.

Census and Apportionment—Mr. Wartman of Marion.

State Pensions—Mr. McClellan of Suwannee.

Senator Humphreys of the Twentieth District and Representative Pettigrew, Socialist, of Manatee, introduced in their respective bodies constitutional amendments incorporating the principles of direct legislation, as expressed through the initiative and referendum.

Senate Concurrent Resolution No. 1 was received by the House, and Mr. Dorman moved to substitute it for House Concurrent Resolution No. 1, both providing for a committee to investigate the Internal Improvement Fund of the State. Mr. Carter of Alachua, the author of the House resolution, vigorously opposed the change, and was supported by Mr. Wilson of Hernando, Mr. Dorman and Mr. Watson of Dade favoring it. The proposition was lost by a vote of 33 to 26, whereupon Mr. Knight of Citrus moved that the Senate resolution be substituted for the resolution introduced by himself the day before and then on the calendar. Mr. Willis of Levy moved to table Mr. Knight's motion, and it was done by a vote of 33 to 22 on a division.

tion, and it was done by a vote of 33 to 22 on a division.

Meanwhile in the Senate the House concurrent resolution was under consideration, and Senator Beard of the Second, author of the Senate resolution, moved to strike all after the enacting clause in the House resolution, and substitute his own in place of that stricken. This motion was lost, but amendments proposed by Senators Adams and McCreary were agreed to, and today the resolution will be sent back to the House as amended. This shifts the seat of war back to the Lower House.

It is probable that a joint committee will be appointed to draft a resolution suitable to both houses before the matter is finally disposed of, and the prospects are good for a very interesting debate today between opposing members of the House.

FRIDAY'S SESSION.

After Morning Session Legislature Adjourns Until Monday.

Tallahassee, April 5.—Both branches of the Legislature adjourned today until Monday, after holding a morning session.

A total of eighty-four bills have been introduced in the Senate so far during the session, as against thirty-one of the same period at the session of 1905. The House has also shown a considerable gain in the number of bills introduced, eighty-eight at the present session, while at the last session only sixty-nine were brought up the first week.

Information was received here today of the death of Senator Newlan of Suwannee county, who has been ill for some time. The death of Senator Newlan makes a total of four who have passed from the Senate ranks since the Legislature convened two years ago.

CURES ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of the LIQUID, and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions."

"BUTLER EDGAR."

BREWERS' STRIKE ENDED.

Contracts for Three Years Are Signed by Both Sides.

St. Louis, April 4.—Contracts for three years were signed by the representatives of the various breweries and the striking employees and the strike was officially declared terminated.

There was a deadlock for two or more hours before the contracts were signed because the brewery proprietors insisted on the insertion of an arbitration clause in all contracts and the strikers objected, but finally yielded. The increase in wages granted and the changes in hours go into effect immediately. Operations were resumed in the breweries as usual on Thursday.

The Brewers' and Walters' union and the Bottlers' union were the last to accept the offer of the brewery proprietors. The other unions were granted concessions that met their approval.

Followed Directions Strictly.

"A young widow was consulting a tombstone maker about her husband's tomb," said a clergyman. "She ended the discussion with:

"And I want it to say, 'To My Husband,' in an appropriate place, Mr. Kiah."

"All right, m'am," Slab answered. "And the tombstone when it was put up said:

"To My Husband. In an Appropriate Place."

KIDNEY TROUBLES

The kidneys are essential organs for keeping the body free from impurities. If they should fail to work death would ensue in very short time.

Inflammation or irritation caused by some feminine derangement may spread to some extent to the kidneys and affect them. The cause can be so far removed by using Lydia E. Pinkham's Vegetable Compound that the trouble will disappear.

When a woman is troubled with pain or weight in loins, backache, swelling of the limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys, she should lose no time in commencing treatment with

MISS KATE A. HEARN

Lydia E. Pinkham's Vegetable Compound

It may be the means of saving her life. Read what this medicine did for Kate A. Hearn, 530 West 47th Street, New York, who writes:—

Dear Mrs. Pinkham:—"I owe a debt of gratitude to Lydia E. Pinkham's Vegetable Compound for it has saved my life. I suffered with kidney trouble, irregularities and painful periods, and my blood was fast turning to water. I used your medicine for some time and it has made me strong and well."

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs cures Female Complaints, such as Falling and Displacements, and Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache, General Debility and invigorates the whole system. For derangement of the kidneys in either sex Lydia E. Pinkham's Vegetable Compound is excellent.

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass., for advice. It is free.

A UNIQUE PROPOSITION.

Captain Griswold Appreciates Kindness Shown Him by Confederates.

Anent the proposed erection of a National Soldiers' Home for the accommodation of both Federal and Confederate Veterans in or near this city, which has been brought into prominence by Phares Bell, who is earnestly engaged in that direction, the following from The St. Johnsbury (Vt.) Republican, of March 27, will prove of especial interest, inasmuch as it tends to show "the drift of things." It will be remembered that Mr. Bell, who was a good soldier, served in a regiment from Michigan, hence it can be little doubted that he was a Union soldier. Like other Veterans, he has buried his animosity and prejudice, realizing that we are a united country and a united people.

The party referred to in this article has been known by Hon. Henry S. Chubb, register of the United States land office, since his boyhood, and Col. Chubb declares it is only characteristic of the man.

Following is the article, which is from The Richmond Dispatch:

"Capt. E. F. Griswold, who served in the 11th Vermont volunteers during the Civil War, has written to Postmaster Cabell offering to contribute to some Confederate camp the service pension of \$12 a month which a recent act of Congress entitles him to receive. In his letter Capt. Griswold says in part:

"I was a soldier of the 11th Vermont regiment from 1862 till the close of the war and twice a prisoner in Libby prison, thanks to Mahone's brigade the first time, and to other Confederate soldiers the second time. They recaptured me after I had escaped and traveled 800 miles northward. I would be glad to accept the government's gratuity, which North and South both pay, provided there is any Confederate soldiers' charitable organization that would be willing to receive it from me in recognition of kindness shown me while a prisoner."

"Capt. Griswold writes from St. Johnsbury, Vermont. While the impression prevails that one of the Confederate camps will accept the offer, a debate on the subject is anticipated. The proposal is said to be unique."

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. O. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Sold by W. M. Johnson.

Lecturer Refuses Offer.

Rome, April 5.—Gabriele d'Annunzio, according to the Messaggero, has refused an offer of \$16,000 to deliver a series of lectures in South America. In refusing, he is said to have written that he did not wish to brave the ocean "for a box of cigars."

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "In Helonias we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women; mental depression and irritability; associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and aemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Pinley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. E. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Killed Barber Who Sought Pay.

Brunswick, Ga., April 5.—I. J. Simpson, aged 23, claiming Lumber City as his home, shot and killed Peter Grantling, a well known negro barber, about 8 o'clock Wednesday night. Simpson is a white raft hand and he came to the city from Darien Wednesday afternoon. After he had been shaved by Grantling, he attempted to leave the place. The barber sent a boy for the police. Simpson whipped out a 32-caliber revolver and shot twice, both balls entering above the left nipple, causing death in a few moments. He was arrested a few minutes later, and jailed. The negro barber is well known, and this apparently cold-blooded murder has aroused indignation.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

Indicted for Embezzlement.

Cincinnati, April 5.—Bartholomew G. Cavagna, former teller in the First National bank in this city, was on Thursday indicted by the federal grand jury for the embezzlement of \$20,483, was immediately arraigned, pleaded guilty and was given a six-year sentence in the Ohio penitentiary. Only three minutes were taken from reporting the indictment to the final sentence.

Bishop Fitzgerald Dead.

New York, April 5.—News of the death in Hong Kong of Bishop James N. Fitzgerald, of the Methodist Episcopal church, was received today by the Methodist Book Concern in this city. Pleurisy was the cause of death. The bishop's home was in St. Louis.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

RAYNOR FAVORS SOUTHERNER.

To Lead the Democracy in the Campaign of 1908.

Baltimore, Md., April 5.—In an interview Senator Isador Raynor, in speaking of republican and democratic possibilities in the next presidential campaign, said:

"If the democratic convention would be held, Mr. Bryan would be nominated for the presidency by acclamation. If he receives the nomination, I shall support him, not only with loyalty, but with zeal and sincerity."

The senator, however, strongly favors the nomination by the democrats of a southern man, and expresses the belief that Senator John W. Daniel, of Virginia, would make a candidate upon whom the democrats of the entire country would unite with enthusiasm, and that he would be a stronger candidate than Bryan.

Of the republican possibilities, Senator Raynor said:

"President Roosevelt will not be a candidate for re-election."

"Taft is a man of tremendous power and popularity."

"Foraker is a tower of intellectual strength, of irresistible purpose and lofty courage."

"Knox is as charming and attractive in his companionship, and as modest and humble in his demeanor as he is massive and complete in his mental make-up."

"Root is as great a lawyer as there is in America."

"Fairbanks, at this time, is nearer the goal than any one I have named."

Arguing Green-Gaynor Appeal.

New Orleans, April 5.—United States District Attorney Marion Erwin resumed his argument for the government in the Green and Gaynor case, on appeal from the United States circuit court at Savannah, Ga., when the United States circuit court of appeals opened its session Thursday. Mr. Erwin devoted himself almost entirely to the legality of the famous extradition of the defendants from Canada. Mr. Erwin began his argument two days ago. He will be followed by J. W. Meldrum, of counsel for the appellants.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Hostile to Unions.

San Francisco, April 5.—Hostility of the Southern Pacific to organized labor unionism among its employees of a certain rank was admitted Wednesday before the arbitration board which is considering the demands made by the telegraphers by W. S. Palmer, general superintendent of the company. Palmer in response to questions by Stanley Moore, spoke for two hours and ten minutes, giving the stenographer 17,500 words to record.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A man is due a great deal to the community in which he lives.

Now that the summer season is upon it behooves the city authorities to see that all premises are given a thorough cleaning-up.

Most fortunate is that boy or girl, the young man or the young lady, who is given the opportunity to attend school in Gainesville. Its educational advantages surpass any town of the size in the State.

Pass spotters are now on duty. It is understood that the government has several special agents at all of the important railroad centers to look after the railroad rate legislation, and while their headquarters are in the city they are continually on the road. The penalty for violating the interstate law with reference to passes is a fine of \$1,000 upon both the railroad and the person using the pass.

The Florida State Horticultural Society will hold its next meeting at St. Petersburg, May 14th. The membership of this society is less than 500, but with the number of wide-awake agriculturists in this State the membership should number over 2,000. Much benefit could be derived from such an organization if its members would get to work. Members wishing to attend this meeting can secure reduced rates on the railroads. At nearly every meeting papers or addresses by prominent men are delivered. It only costs one dollar a year for membership in the society, and everyone interested in agriculture or horticulture in the State should be a member.

Baltimore has caught the exposition fever. It is the only one of the big cities that has never had an international exhibition and it proposes to celebrate the climax of the War of 1812 and the birth of "The Star-Spangled Banner" by an exposition on its waterfront in 1914. The suggestion is made by The Baltimore American in which "The Star-Spangled Banner" was published from Key's manuscript. Gen. John Agnos, the editor and publisher of The American, has enlisted the interest of the city and State in the exposition. The city council of Baltimore has taken steps towards organization and Governor Warfield has promised his co-operation. Gen. Agnos calls it "The Banner Exposition of the Banner Century."

The Baptist Young People's Union of America will hold its sixteenth annual convention in the beautiful city of Spokane, Washington. The railroad companies have given a half-rate and stopover privileges. Tickets will be on sale June 20th, and will be good until September 15th. Rates are made to other points to accommodate those attending the convention who wish to visit different localities. Many side trips have been planned and among them a visit to the wonderful Yellowstone National Park. Delegates to either the Baptist Young People's Convention meeting in Spokane, May 4, 5, 6, 7, or those to the Christian Endeavor Convention meeting in Seattle, July 10th, should by no means overlook the splendid opportunity the rates will present for a visit to the "Wonderland of the World."

ROOSEVELT STANDING PAT.

The periodical sensation in which the President seems fated to figure is, for the present week, a controversy between Mr. Harriman and himself as to whether he did or did not invite the railroad magnate to come to the rescue of the Republican party in New York, in 1904, by assisting in raising a fund of a quarter of a million dollars, of which Mr. Harriman claims to have personally contributed fifty thousand dollars.

All this, Mr. Harriman claims, was contingent upon the President's appointment of Mr. Depew as Ambassador to France, to get him out of the way of New York State politicians, who wanted to use his place in the Senate, which appointment the President failed to make.

It is rather unfortunate for Mr. Roosevelt, who hastens to produce letters in which he called Mr. Harriman all kinds of a liar which parliamentary language would permit, that he has been drawn into so many similar controversies before. If this sort of thing keeps on, and a few more names are added to those of Chandler, Storer, Harriman, and others, he will have said, like David in his haste, that all men are liars.

But out of this evil good may come. If there was any disposition on the part of the President to weaken or waver on the question of government regulation and control of railroads, an end has been very effectively put to it by this rekindling of resentment towards the incarnation of railroad joggery in this country. There is very little probability that he will make peace with Harriman now, on any terms, and this may serve to keep alive his determination to follow up his advocacy of railroad regulation.

Indeed, the people are more particularly interested just now by the statement he gave out the day before, in declining the invitation of the Illinois Manufacturers' Association, to the effect that he really had nothing new to say on the subject of railroad regulation, but adhered to the position indicated by his letters, messages and speeches during the past few years. He quoted freely from those documents, and took occasion to say that he repeated the sentiments then expressed.—Atlanta Journal.

The reorganization of the Postoffice Department has been advanced by the retirement of Edwin C. Madden as Third Assistant Postmaster General. The minds of the publishers of some publications will therefore breathe easier, for Mr. Madden's reforms were often not tempered with justice. His raids on some newspapers were outrageous interpretation of the law and were evidently tainted with bitter partisanship. His special aversion was radical Democratic newspapers and Populist and Socialistic publications, which had just as much right to the mails as the "safe and sane" organs of the trusts and plutocracy. He was only carrying out the edict of his masters, the Republican politicians, who view with dislike that good old Democratic policy—equal rights to all and special privileges to none.

The Southern Home Insurance Company has been organized with headquarters at Barrow. The corporation is capitalized at \$250,000. While they have only been in operation about a month they are doing a satisfactory business. Several of Gainesville's prominent citizens are stockholders. Ferdinand Bayer, who is a stockholder in the company, will represent the company here.

All's business at Tallahassee just now.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Just at this time the mail order houses are active in flooding the country with big, handsomely gotten-up spring catalogues, quoting attractive prices on staple articles and making all sorts of big sounding claims for your cash. They do not offer to exchange their goods for the farmers' eggs, poultry, butter or other produce. They don't trust a penny's worth, but make you pay cash before you get the goods and the freight besides. If anything is wrong with the goods or they do not suit, they will not exchange them for you. They pay no taxes into your city or county treasury, with which our schools are maintained, roads, bridges and sidewalks built. They do not contribute to our churches, charitable institutions, nor to our poor.

A child is an almost perfect revelation of the home. If you could see some homes you would not wonder where our criminal recruits come from. I know homes whose atmosphere reeks with deadly microbes. In a certain city, within an hour's run from my desk tonight, a little archie said to his mother: "I jes knows all de kindergarden teachers are a-going to heaven, fur I've been wid 'em a week and they's never cussed me nor each udder nary time." There it is!

The boy who saves his money becomes the banker, the merchant, the professional man. The boy who never saves a cent makes the man who "earns his bread by the sweat of his brow," who never owns a home or enjoys the luxuries of life.

Each year the poultry business is becoming more lucrative and now assumes proportions that will soon rival any branch of farm industry.

A GALLOWS MYSTERY

John Lee's Remarkable Experience on the Scaffold.

FACED DEATH THREE TIMES.

And Three Times the Trap, Which Had Previously Been Tested and Found in Good Working Order, Refused to Open When the Bolt Was Drawn.

One of the most remarkable scenes ever witnessed on the gallows took place in England in the last century.

Early on the morning of Feb. 23, 1885, a considerable crowd of people gathered before the grim front of Exeter prison. It was a silent crowd, shivering in the keen wind that blew around those frowning walls on that dull, misty morning, and its eyes were all bent on a flagstaff which stood bare. They were waiting for a flag to be hoisted—the terrible black flag which should announce that justice had been done on a murderer.

Inside the prison a warder stood ready, holding in his hand the cord which should hoist the hideous black drapery lying on the ground at his feet, but the signal did not come. Instead of it there arrived an excited prison officer.

"The flag will not be hoisted. Lee will not be hanged today," he said.

John Lee, the prisoner whose death signal that crowd had awaited, had had one of the most remarkable escapes from capital punishment recorded in our prison history. To this day it remains somewhat of a mystery how John Lee lived so many years after the events of that terrible morning.

"I had a dream," the wretched man wrote to his sister the day after his fearful experience on the scaffold—"I had a dream on Sunday night (the night before the day fixed for the execution) that the scaffold was not ready and that they had to make another. I told the officers that were on watch over me at 6 o'clock in the morning, but I did not think it was coming true. But it did. It was the Lord's will that I should not die yesterday at the time appointed by man. I believe what occurred was a miracle. I was on the brink of death three times. It is my wish to die. I am tired of this world, and I am waiting for the time to come, and I hope it will not be long. I have been dead to this world three times."

John Lee did not exaggerate his awful experience.

At 8 in the morning of that February day he had been led from his cell to die. In what had been the coach house of the prison the gallows had been erected. Beneath was a deep pit covered by the closed doors, which, when the condemned man was placed in proper position, should, at a signal from the executioner, fly open, a bolt being withdrawn by an assistant pulling a lever. The whole arrangement had been tested several times and had worked satisfactorily. But now, with John Lee standing there with the cap drawn over his face and the hangman's rope around his neck, the flap doors beneath his feet would not give way! Berry made the fatal signal, the assistant pulled the lever, the bolt flew back, but the doors kept their place. Then warders rushed forward and stamped with their feet upon the doors. They remained firm. Lee was led aside, and carpenters were called in to saw some of the woodwork away. Again all was ready. The clergyman once more came to the words, "In the midst of life we are in death." Again the signal was given, the bar was pulled, but the doors refused to part.

John Lee stood there before them alive!

Three times did that happen. For no fewer than eighteen minutes Lee stood there tasting the agony of momentarily expected death.

Then the white cap was taken from his face and the rope from around his neck, and he was led back to prison, while the jail authorities hastily conferred as to what should be done. A telegram was dispatched to the home secretary, Sir William Harcourt, informing him of the extraordinary occurrence and requesting instructions. Later the undersheriff proceeded to London to interview the secretary.

"I felt," said Sir William Harcourt later in the house of commons, "that it would shock the feelings of every one if this man were called upon to again undergo the pangs of imminent death, and I consequently signed a respite during her majesty's pleasure."—London Tit-Bits.

A Feminine View.

"When I was young, my dear, girls were not allowed to sit up so late with young men."

"Then, papa, why do you allow me to do so? It would be so much more interesting if you would only forbid it."—Judge.

So live that you can march up to the mirror and look yourself squarely in the face without winking.—Dallas News.

ORDINANCE NO. 132.

An Ordinance to Provide for, Regulate and Require the Widening of Pleasant Street in the City of Gainesville, so as to Make said Street a Forty-Foot Street From a Point Where Liberty Street Crosses said Street, Thence North to Boundary Street, for the Costs of Such Widening and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1.—That the City Attorney be and he is hereby authorized and directed to institute or cause to be instituted the necessary and proper legal steps of proceedings to acquire by condemnation, as provided by law, a strip of land, in equal proportions, along the east and west sides of Pleasant street from its intersection with Liberty street, thence north to Boundary street, of sufficient quantity to make said Pleasant street a forty-foot street in width, from Liberty street to Boundary street.

Sec. 2.—That the cost of acquiring said property as provided by section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street where the same is so acquired, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the property abutting thereon. The estimated total cost of the widening of said street as herein provided is Three Thousand dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is One dollar.

Sec. 3.—The special assessments shall become due and payable as fast as the property herein described for the widening of said street shall be acquired, and the City Council shall as soon as practicable after the acquisition of said property meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said street where the same is so acquired, said special assessment not to exceed the actual cost paid by the city for acquiring said property, or the estimated special assessment per front foot for such acquisition as stated herein.

Sec. 4.—The City Council shall meet on the 8th day of April, 1907, at 7:30 o'clock p. m. of said day, in the Council chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of requirements of this ordinance.

Sec. 5.—That this ordinance shall take effect immediately upon its passage and approval.

Passed in open session of the City Council on this 7th day of March, 1907.

G. K. BROOME,

Attest: President City Council.

J. M. DELL, City Clerk.

Approved by me this 8th day of March, 1907. W. R. THOMAS, Mayor.

Attest: J. M. DELL, City Clerk.

One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of profixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

SAVANNAH CHIEF RAIDS DEN.

Clean Sweep and Rounded Up Many Sports.
Savannah, Ga., April 4.—Chief of Police W. G. Austin Wednesday night was good on his promise to raid all the gambling rooms in Savannah. He made a clean sweep, having a detail of police assigned to the place, and rounded up a numerous number of the sports.
It has been asserted during former administrations that the police were powerless to raid the places, and that they could be proceeded against through the machinery of the courts, by securing indictments against the offenders under those indictments. Mayor Tiedeman's administration, however, has taken a different view of the matter. Chief Austin showed himself very competent to put it into execution.
The police were armed with battering rams, a la Jerome, and his New York style. When the police appeared at the doors of the joints, all which were prominently located, in the business section, they were met by the out-peering faces of negro attendants, who hastily lowered the curtains to the peep holes, and shouted "Police!" giving the inmates the alarm.
They scattered as best they could, but all means of egress had been effectively closed by policemen stationed to intercept everybody attempting to escape. The raids were made simultaneously by squads under sergeants.
Then the chief made the round of the places in his automobile, having the patrol wagons accompany him, and loading them up with the prisoners secured. They were all taken to police headquarters, where they waited themselves in efforts to secure bail.
The police took charge of all the gambling paraphernalia that was in the places that they raided.
There was a vast deal of this, consisting of crap tables, faro tables, and other devices. One of the joints raided was an alleged club, all the table being supplied with keys, and none other than holders of these keys being admitted. It is said a fight will be made against the raid under the club claim.

Church Floor Broke Through.
Spartanburg, S. C., April 4.—The floor of Macedonia church fell with crash Tuesday during the funeral services of Rev. J. M. Brown, former pastor of the church. Men, women and children rushed from the doors, crying and shouting and causing a commotion. Several women fainted and were trampled upon, sustaining painful injuries, although no fatalities were reported.

5,000 MEMBERS IN SIX WEEKS.

Farmers' Union in Mississippi Shows Wonderful Growth.

Jackson, Miss., April 4.—According to reports from local and state organizers, about 5,000 new members have been added to the Mississippi branch of the Farmers' Educational and Co-Operative Union during the past six weeks, and in all counties the local organizations are steadily adding to their membership until now the union has secured such a footing that it is well nigh formidable.

The state organizers and lecturers have invaded counties where the Farmers' union had no previous existence, and they have accomplished their work in a very effective manner, the farmers taking readily to the organization, and much activity and enthusiasm being manifested.

A short time since President Bass issued a warning to the organizers concerning indiscriminate membership, fearing that with the rapid growth of the union a class of members might be secured who would prove undesirable. To all outward appearances, this warning is being heeded, but it has not retarded the growth to any extent.

Arrested on Serious Charge.

Covington, Ga., April 4.—Charged with murdering a negro woman, in Birmingham, ten days ago, Charley Cochran, an 18-year-old negro, has been arrested here by Sheriff Sam Hay and is being held in the county jail awaiting further instructions from the Alabama officers. The whereabouts of Cochran was learned by the officers of Birmingham by letters which he wrote there after arriving in this county. Sheriff Hay effected the arrest without difficulty within a few hours after receiving telegraphic instructions from the sheriff at Birmingham. It is understood a large reward had been offered for the arrest.

Not Able to Reach Verdict.

New York, April 5.—When Justice Fitzgerald called the Thaw jury into the court room at 11:30 a. m. on Thursday, the commission on lunacy appointed to inquire into the present condition of the defendant had not been able to agree on a verdict. The jury was excused until 2 p. m. by which time Justice Fitzgerald said he hoped he would have something definite before him. The commission on lunacy sat until 2 o'clock Thursday morning trying to agree on a report, but failed. It went into session again in Justice Fitzgerald's chambers at 10:30 a. m. Thursday.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Passenger Crashes into Freight.

Bartlesville, I. T., April 5.—South bound Missouri, Kansas and Texas passenger train No. 21, ran into an open switch in this city early Thursday, and crashed into a string of freight cars on a siding. Several persons were badly shaken up, but none was seriously hurt. The accident is believed to have been caused by train wreckers. The switch light had been broken and was out and the switch had been turned.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

A Real Conversationist.

The Dawsons fully realized that their Uncle Eli Nabb was fond of good talk and good talkers, and during his stay they tried to make his visit enjoyable by asking in such of their friends as they regarded as most likely to entertain the old gentleman.

"He's a wonderful conversationist, isn't he, Uncle Eli?" asked Mrs. Dawson after the departure of their star dinner guest on the last night of Mr. Nabb's stay. "Such an extraordinary command of language and such a range of topics."

"Pretty fair talker," said Mr. Nabb, hopelessly unimpressed. "But we've got one to beat him up home, you know. Oh, yes; old Lady Greenough! Why, I've stood at her gate less'n ten minutes an' had her go from my turnip bed to the doin's up Panama canal way, an' so easy you couldn't notice any abrupt change o' subject either. That's what I call a conversationist."

An Honest Quaker.

A sheriff was once asked to execute a writ against a Quaker. On arriving at his house he saw the Quaker's wife, who in reply to the inquiry whether her husband was at home said he was, at the same time requesting him to be seated, and her husband would speedily see him. The officer waited patiently for some time, when, the fair Quakeress coming into the room, he reminded her of her promise that he might see her husband. "Nay, friend, I promised that he would see thee. He has seen thee. He did not like thy looks. Therefore he avoided thee and hath departed from the house by another path."

Money in Words.

Mrs. Humphry Ward got for "Helbeck of Bannisdale"—the name's enough—\$75,000. Barrie got for "The Little Minister," book and play, \$250,000. Hall Caine got for the book and play of "The Christian" \$150,000. Mrs. Grant was paid for her husband's autobiography \$350,000. Nansen got \$50,000 for his "Farthest North." Sir Walter Scott got \$50,000 for his "Life of Napoleon." Ruskin, for "Modern Painters," got \$50,000.—Kansas City Times.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

Will Not Honor Requisition.

Phoenix, Ariz., April 4.—Governor Kibbey has refused to honor the requisition of the governor of Oklahoma for the extradition of Dr. O. B. Brandon, the Naoo surgeon of the El Paso and Southwestern railroad, wanted for the alleged libelling of Oklahoma men in respect to a mining transaction in Mexico. The ground for refusal was that Brandon was not a fugitive, even if a criminal.

He Killed Wife, Babe and Self.

Winchester, Va., April 4.—The details of a shocking tragedy, which occurred at Flint Hill, Rappahannock county, has reached here. Heary Foster, a young farmer, while out walking with his wife and two-month-old babe, suddenly drew his revolver and shot and almost instantly killed both of them. Foster then blew out his brains. No reason is known for the deed.

D. P. Davis, of the firm of Davis & Arnold, the real estate salesman, Tampa, who are working here in the interest of the College Park addition, left yesterday for Lakeland, where he will look after placing on the market another valuable tract. These young men are hustlers, as has been demonstrated by their eminent success in the sale of College Park lots here. It was no auction scheme, but a plain, honest, straight proposition which was taken advantage of by many of our best and most conservative citizens. Mr. Arnold of the firm is still here, and will remain for several days, as he has a few lots yet to dispose of.

THE DAINTY DESSERT

Into a pint of boiling water, you will have prepared a dessert which will surprise and delight all who taste it. When it has become cold it will jellify and be ready to eat. For a more elaborate dessert try the following:

Banana Cream.
Put five large bananas, rub smooth with five teaspoonsful of sugar. Add one cup sweet cream beaten to a stiff froth, then one package of Lemon Jell-O dissolved in one and one-half cups of boiling water. Pour in mold or bowl and when cold garnish with canned cherries. Serve with whipped cream.

ST. ELIZABETH'S GUILD.

Realized Next Sum from Entertainment Given Wednesday Afternoon.

On Wednesday afternoon, from 4 to 6 o'clock, the young ladies composing St. Elizabeth's Guild of Holy Trinity Episcopal Church, entertained their friends with a "birthday" social at the home of Mrs. A. M. Dennis, 400 West Main street, N.

Nearly printed invitations had been sent out and each person attending was requested to bring one penny for each mile-stone they had traveled on life's journey, and considering the extraordinary healthfulness of Gainesville, and the fact that among its inhabitants are many friends and supporters of the Episcopal denomination, it is but natural that many "real old folks" whose years counted for something on this occasion were among those present, and the young ladies' efforts were rewarded by the addition of nearly \$125 to their treasury. Many useful and ornamental articles were disposed of during the afternoon.

The members of St. Elizabeth's Guild are tireless workers, and when they undertake a project for the benefit of their church, its success is assured.

BASEBALL FRIDAY.

Stetson University Defeated Oak Hall's in a Magnificent Game.

The Stetson University baseball team showed its ability Friday in defeating the Oak Hall team, but the score was close, being five to six in favor of the visitors.

The game was called at 3:30 o'clock. At once it was noted that both teams were smart, as some fast playing was done. The players on both teams demonstrated the fact that they were well up in the profession, with the result during the nine innings there was some pretty playing.

There will be another game this afternoon, beginning at 3:30.

Well Known and Popular Clerk in Land Office Tenders Resignation.

Mr. Lee J. Clyatt, for the past twelve years an efficient and popular clerk in the United States land office, has tendered his resignation, and will enter the practice of law.

By reason of Mr. Clyatt's long connection with the United States land office, his experience in land matters will prove of especial value to himself and his clients, and his friends wish him unbounded success in his profession.

Mr. Clyatt, while engaging in a regular practice, will make a specialty of land matters.

POLITICAL CLUB MEETINGS.

Both Municipal League and Citizen's Clubs Met Friday Night.

Politics on both the Administration and Municipal Club sides is growing warmer as the election approaches.

Both the Municipal Club and the Administration ticket held meetings Friday night, and both meetings were well attended. There were speeches by prominent members on both sides of the question, and a great deal of enthusiasm prevailed.

The result can only be told by the ballot on Tuesday, as both sides are confident of victory.

Thanks to Mr. Eddins.

NOTICE OF ELECTION.

Under and by virtue of the power and authority vested in me by virtue of my office as Mayor of the City of Gainesville, Florida, I, W. E. Thomas, do hereby call an election to be held in said City of Gainesville, on Tuesday, the 10th day of April, 1937, for the purpose of electing the following officers for said city, to serve for the periods set out herein, to-wit:

One Mayor, one Marshal, one Tax Collector, one Assessor, one Clerk and Treasurer, each to serve for a period of one year from the date of their election.

Four Aldermen to serve for a period of two years from the date of their election.

One member of the Board of Public Works to serve for a period of five years from the 1st day of June, 1937.

One member of the Board of Public Works to fill the unexpired term of W. N. Wilson, resigned, to serve from the date of his election.

That the candidate receiving the highest number of votes for member of Board of Public Works shall serve for five years and the candidate receiving the next highest number of votes for said office shall fill the unexpired term of W. N. Wilson, resigned.

The polling place for said election shall be in the rear of the Municipal Building on East Main and Main streets.

The polls shall open at 9 o'clock a. m. and close at 5 o'clock p. m. on said day.

W. E. Thomas, Mayor and A. J. DeChastain, Secretary, appointed inspectors, and P. E. Miller, clerk of said election.

Witness my hand and the seal of said City of Gainesville, on this 6th day of March, 1937.

W. E. THOMAS, Mayor.
